

INTRODUCTION

- We are the largest and most preferred Alternative Dispute Resolution (ADR) entity in the Middle East, helping Dubai position itself as a regional leader in arbitration.
- Established in 1994 under the name of the Conciliation and Arbitration Centre as an initiative of Dubai Chamber of Commerce and Industry; and in 2004 it was announced by decree no 2004/10 by H.H. Sheikh Mohamed bin Rashid Al Maktoum as Dubai International Arbitration Centre (DIAC).
- On 14 September 2021, the Ruler of Dubai issued Decree No. 34 of 2021 (the "Decree"), which significantly reforms and enhances the status of the Dubai International Arbitration Centre ("DIAC"). "Pursuant to the Decree, the Emirates Maritime Arbitration Centre and the DIFC Arbitration Institute were abolished."
- We give all parties (individuals and companies) an opportunity to settle disputes outside the judicial courts in an efficient and impartial administration of disputes.

WHY CHOOSE DIAC?

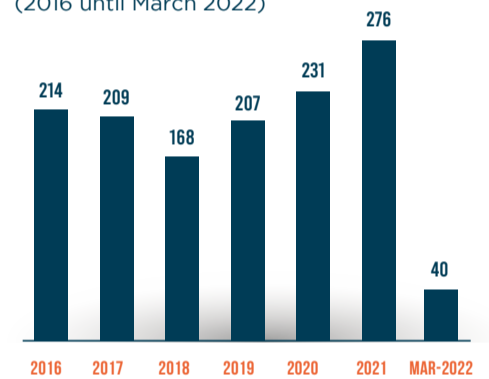

Over the recent years, DIAC has been the institution of choice due to its:

- strong framework of rules and procedures is based on best international practices and is backed by a network of experienced arbitrators from different nationalities, legal backgrounds, and distinct specializations,
- pool of services rendered aligned with the best international practices and standards,
- experience in the management of more than 3,527 cases since 2007,
- experience in managing disputes relating to different sectors, including real estate, engineering & construction, corporate & commercial, and oil & gas,
- experience in complex disputes of high claim value.
